

# TSUNAMI STRAWBERRY

If, for the sake of art, you try dropping a strawberry weighing 60g from about two metres high into a Martini glass filled with water you only have (1. a remote possibility) \_\_\_\_\_ of success!

Does that mean that you should give up? Of course not! (2. Remember) \_\_\_\_\_ that (3. something which helps) \_\_\_\_\_ to success is determination!

If at first you don't succeed try, try, try again... until (4. totally unexpectedly) \_\_\_\_\_ the strawberry WILL go in creating an intriguing "Tsunami effect"!

## Solutions:

1. a gambling chance
2. keep in mind
3. a contributing factor
4. against all odds
